"Independence means enjoying freedom, and freedom can only exist in doing what's right. So let's wave the Malaysian flag for celebrating it is 64th years of independence"

1ST SOCIAL BUSINESS CONFERENCES 2021

BY DR. HAFINAS HALID & ARAFAT MOHAMMED

The first Social Business Conference (SBC) 2021 was conducted over three days via Google Meet held under the auspices of School of Business and Social Sciences (SBSS). It commenced from 15 to 17 June with the theme of #nogoingback. The conference focuses on 51 students of Bachelor of Business and Administration, School of Business and Social Sciences (SBSS) registered for Social Business II Course (BBC3294); Capstone project and seminar in both Marketing (BBC3273) and Human Resource Management (BHS3093).

The program was supposed to be held face to face at the convocation hall of the campus premises. However, due to the current pandemic, everything was forced to be carried out online. With the appropriate measures put in place, everything went as planned.

In this capstone project, students were required to conduct a social business project or program for local community. With students divided into ten groups, these groups of students act as "consultant" in assisting their clients (targeted group) in solving their problems mainly in increasing their income.

As for the experience and learning processes, they charged their clients with a minimum price or just received a small amount of commission from the clients. This is a learning ground for the students in materializing their social business idea into reality.

It started with opening remarks by Assoc. Prof. Dr. Suraya Hanim Mokhtar, followed by project presentation; group 1- 10. The day was ended by closing remarks by the judges.

The next day was allocated for Seminar in Human Resource Management and Marketing paper presentation. It commenced with an opening speech by the moderators, followed by opening speech by the judges and parallel sessions (presentation by the students). Each pair of students presented their ideas to the judges from 8:30am to 12:00pm for Seminar in Human Resource Management and continued until 5:30pm for Seminar in Marketing due to large number of students.

The final day for keynote speech and award giving ceremony was moderated by Sari Mawar from cohort III BBAHRM. Speeches were given by highly reputable guest and speakers. The opening session was addressed by the Vice Chancellor; Professor Dato Dr Abdul Aziz Bin Tajuddin, who declared the final and grand day conference officially open at the end of his statement. Keynote speaker: Assoc. Professor Dr. Hasliza Abdul Halim from the School of Management, Universiti Sains Malaysia, then delivered a speech about social business and was followed by speech by the head of project: Arafat Mohammed (Seminar in HRM) and Ramshau Ilyas Maryam (Seminar in Marketing). Following their statements, was announcement of winners for the capstone projects. Ba-link group and Englit group emerged winners for the business related project and community related project respectively. Subsequent session declared the winners for best research paper, best presentation, and best poster. The day was concluded by a closing speech from the Dean.

The program has impacted the lives of every single soul involved from students, lecturers and clients from the Baling community as a whole. Students were able to make connections and interaction with community which is the beginning of many to come. Gratitude and appreciation specifically go to the School of Business and Social Science for ensuring the program was a success in such circumstances specifically, Assoc. Prof. Dr. Suraya, Dr Hafinas, Madam Noorasyikin and all project heads. The pandemic brought about some limitations and challenges, hopefully the 2nd edition will be better.

Seminar courses focused on student divided into groups pairs conjuring up ideas of their related field of study in relation to social business in a form of research papers.

Over the three days period, student presented their ideas, progress and final results. The first day was social business projects presentation hosted by the Dean and the lecturer of the course; Assoc. Prof. Dr. Suraya Hanim Mokhtar with assistance from Judges from different departments. Each group presented their story and achievements throughout the semester.

A TALK ON “THE IMPACT OF E- RECRUITMENT IN HRM EFFECTIVENESS” AND ONLINE DEBATE COMPETITION ORGANIZED BY SCHOOL OF BUSINESS AND SOCIAL SCIENCES (BBAHRM PROGRAMME) UNDER AIU ENRICHMENT PROFESSIONAL DEVELOPMENT PROGRAM.

BY DR. KAMALESH, DR. HAFINAS & DR. SITI NOORJANNAH

A talk on “The Impact of E- Recruitment in HRM Effectiveness” was conducted via Google Meet by Mr. Jude Selvaraj Joseph from Ruth Training and Development Academy with the assistance of the moderator, Ousmana Gana, and followed by online debate competition titled “Social Media is the ethical platform for hiring and Employment decision”. Both events were organized by School of Business and Social Sciences (BBAHRM Programme) under AIU Enrichment Professional Development Program. The talk was held on 29th June 2021 from 10am-11am while debate competition conducted on the same day from 11am-12.30pm.

The talk specifically focused on all the students mainly from BBAHRM programmes and other students from different programmes were also encouraged to participate. There was total of 35 participants involved in the talk session comprising students and staff as well. Meanwhile, two groups of three students each join the online debate competition.

The opposition side comprised of three students from cohort 4 (Rania Putri Luthfizan ,Gitok Sehandra, & Muhammad Naufal Royyan) while the affirmative side was from cohort 2 (Chernor Mamadu Jalloh, Ali Abdi Hassan & Athirah Abdulatif). The chairperson of this debate competition was Nugie Jailani and the judges were Mr. Hafizul, Dr. Bahiah and Ms. Nurul Aina.

The purpose of the talk was to enhance our student’s knowledge about the practice of e-recruitment which has made the HRM process more effective in organizations. The talk session was quite interactive with critical thinking based questions. At the end of the talk session, students have taken initiative to ask questions to the speaker regarding further clarification on e-recruitment related matters which highlighted the curiosity of students towards the topic.

The purpose of online debate competition was to develop students’ Critical Thinking for Reasoned Decision Making related to knowledge in Human Resource Management issues. The online debate competition was conducted through Google Meet in order to expose students towards online debate session during this pandemic. There were total of 2 rooms created via Google Meet for the debate participants which controlled by Mr Nugie while another room for the judges to discuss the results outcome. All the students participated well in the online debate competition which made the whole session to be conducted in peaceful manner. At the end of debate session, final result has been announced and each judges provided valuable feedback to students in order to make improvements for future online debate session. The debate competition won by opposition group and the best speaker title gained by Gitok Sehandra.

It is highly recommended to conduct talks and interesting competitions related to HR for the students in order to enhance their knowledge, communication and critical thinking skills. These activities should be organizing at least for every semester. So, this would be great opportunity for students to get some valuable insights about HR world beyond the classroom.

AIU LIBRARY & MALAYSIAN STUDENT ASSOCIATION (MASAA) MALAYSIA INDEPENDENCE DAY PROGRAMME 2021

BY NURUL IZZATI SABRI

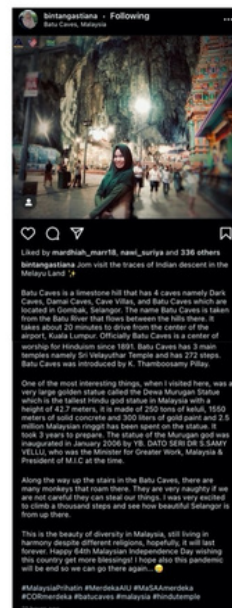

In conjunction with Independence Day of Malaysia, AIU Library and the Malaysian Student Association (MASAA) have organised AIU LIBRARY & MALAYSIAN STUDENT ASSOCIATION (MASAA) MALAYSIA INDEPENDENCE DAY PROGRAMME 2021. This programme was conducted from 19th August 2021 until 31st August 2021. The objectives of this programme are to enliven the Independence month of Malaysia, to cultivate and nurture the spirit of patriotism and nationalism among the students, to provide an opportunity to celebrate the month of independence by using the internet platform in conjunction with the Covid-19 pandemic, to provide a medium for the students to show their talent and express their creativities and to create engagement between students and the library.

For Merdeka Instagram Post Contest, the participants must upload a photo themed "Favourite Memory in Malaysia" to their Instagram account. For Infographic Poster Contest, the participants must email the infographic poster to MASAA. The theme was "My Inspirational Figure". Both contests went through an online voting session. The winners were given the cash money and e certificate as the prizes.

There were two contests conducted online for AIU students: Merdeka Instagram Post Contest and Infographic Poster Contest.

AIU Library and MASAA strongly feel that this programme will benefit library users, especially the students. The User's Engagement Activity is one of the mediums or platforms for the students to explore resources, enrich knowledge, inspire minds and creativity, and exchange cultures and values.

In the current pandemic situation, many graduates experiencing growing inequality coupled with limited job and internship opportunities available in many countries, graduates are forced to compete fiercely with their peers to stand out from the mass of hundreds of applicants. However, graduates who position themselves with the right skill sets to meet companies’ current needs able to seek great opportunities in a challenging job market. The purpose of the talk is to enhance our student’s knowledge about challenges and opportunities to start their career post after graduation with an ever-changing job market impacted by Covid-19. The talk session was quite interesting with the clear explanation by the speaker which made the students to be involved attentively. At the end of the talk session, students have taken initiative to ask questions to the speaker regarding further clarification on the HR professional ethics which highlighted the curiosity of students towards the topic.
